Carlos Algara is enthusiastic and interesting.
I believe a little more clarity/ requirements
stated in this 5 course would be
beneficial,

Wish the class would've been promoted more so
more students could've enrolled. Great course nonetheless.

- Great professor, very concise and detailed when asked a question.
- Quick to reply back to emails.
- Extremely understanding of work and student load throughout the semester
- Always a positive attitude
- Made me love politics more than I already do.

I ENJOYED THE COURSE
and the information!
    thank you's

- Maybe could of made attendence/participation more mandatory to encourage students to engage.

- A little wordy on questions in tests but mostly straight forward.

- Makes attempts to connect material to our lives
- Good Lecture style
- Interesting graphs/figures
